NO STRAPS TO GRIP

Woman's Complaint Against Service Most Acrid.

DIRTIEST LINE IN THE CITY"

Writer, Whose Name Is Withheld, Declares to the Railway Commission that Her Friends Have Forsaken Her on Account of Conditions on the Rockville Branch.

Characterizing the Georgetown and Rockville trolley line as "the worst, most ll-managed, and dirtiest road" she has ver been compelled to patronize, and scoring the company for furnishing cars with "old moth-eaten velvet seats," woman living on Cathedral Heights yes erday sent to the electric railway com ission the most scathing complaint a ninent in social circles. The commis on has discontinued giving names of \$30.00 Suits \$15.00 mplainants.

> The Cathedral Heights complainant declares that her friends will not visit her because of the service afforded by the car company. She says that on one occasion a huge negress lurched against her, knocked her to the back platform of the car, and almost broke her wrist. The writer urges speedy reforms. The letter of complaint follows

No Straps to Hang On. "The conditions existing on the suburban line between Georgetown and Rockville and intermediate points, is almost

"Please imagine the discomfort, to say othing of the insanitariness, of old motheaten velvet seats on cars, when the thernometer stands as high as 98 and 99 degrees. It was my experience to have to Chamber of Commerce Invites Them Corps. and thereby complied with the Ends Life Because Former Sweeta few days ago.

"Imagine the uncleanliness of the per nnel-negroes, living in Tennalytown and the contagion necessarily arising from their use of said velvet cushions Again, the cars almost invariably have no straps by which to keep one's equilibrium, and evening is that there are not enough he lurching of a huge negress against ne, when I was striving to held on to the andle of the door of a car to be able to tand, even. She had nothing to hold on o, and I was literally hurled out on the

ack platform by the impact.

No Regular Schedule.

National Museum—Open 9 a. m. to 4:30 p. m. High winds from the northwest prevented the scheduled ascensions of the Baldwin balloon at Fort Myer yesterday evening. Lieuts, Lahm, Foulois, and Selfridge spent the hours between 5 o'clock and darkness in familiarizing themselves with the engine on the divisible. with the engine on the dirigible.

Capt. Baldwin said last night he would give his pupils another course of instructions this evening at 5 o'clock if the p.m. weather and wind permit. He declared a ten-mile wind was sweeping over the parade grounds between 5 and 7 o'clock, and he did not want to run chances with

Gen. Allen, chief Signal Corps officer, and the members of the aeronautical board of test, who recommended that the Baldwin dirigible be purchased for the United States army, yesterday accepted the inventor's two spherical balloons.

Value of the Sphericals,

Capt. Baldwin will receive \$5,240 for the sphericals. They were pronounced perfect, with the exception of rip cords, means of which the huge gas bags ire to be deflated. Capt. Baldwin had to rip cords on the balloon, but when his attention was called to this fact he borrowed two belonging to the Signal specifications.

One of the most inferesting spectators in the balloon tent yesterday was little Lincoln Beachey, soubriquetted "The Airship Kid," who learned the aeronautical trade under Capt. Baldwig. Beachy was weighted down with diamonds as large
